<b>Target version:</b> Backlog	

**Description**

No way to use real estate for several countries

Default installation comes with USA states by default  
I tried to add Canada  
I was able to create a new top level location, but it's not available in dropdown

Location is a mandatory field and you should not be able to submit new locations when --Select-- is active.

#### History

**#1 - February 06, 2014 03:04 - Vasily Bezruchkin**
