

Subrion Opensource CMS - Bug #1719

Incorrect adding of new phrases via Admin Panel

June 20, 2014 02:28 - Andrew Gorshechnikov

Status:	Closed	Start date:	June 20, 2014
Priority:	Normal	Due date:	
Assignee:	Batyr Mackenov	% Done:	100%
Category:	Languages	Estimated time:	0.00 hour
Target version:	3.2.0		
Description			
<p>For example, if I add phrase via Admin Panel -> System -> Languages -> Add Phrase -> Key: test Value: It's a testing phrase Language: English Category: Common I can't fill the 'Original' field's value and it isn't filled with the value from 'Value' field of this phrase. So in future when I try to use this phrase in .php files via iaLanguage::get() static method I receive error.</p> <p>Please fix this bug by one of the following ways: 1) make it possible to fill the 'Original' field's value by user OR 2) automatically fill the 'Original' field's value with the value from 'Value' field</p>
