Target version:	4.3.0		
Description			
<p>when a company doesn't have a plan , it has standart fields like description , phone , title. But if a company have a plan , it can have special fields like logo , photos etc.</p> <p>As you know , we choose a sponsored start and end date for a company. When sponsored ends , this company's special field must be disabled. Because it isn't a sponsored company anymore</p>
