Description			
http://support.google.com/webmasters/bin/answer.py?hl=en&answer=172705&topic=1088474&ctx=topic			
This should be added to our software where possible. Thanks			

History

#1 - November 20, 2012 22:13 - Vasily Bezruchkin

- Target version changed from 4.7.0 to 4.5.0

#2 - January 12, 2013 01:27 - Vasily Bezruchkin

- Assignee set to Anonymous

Eugene please add Google Rich snippets to the reviews plugin. It should produce the common code generation:

1. Listings list: fetch overall stats for each listings
2. View Item page: fetch overall stats for the item + generate code for each review ;)

Thanks!
