

Subrion Opensource CMS - Bug #2184

Error while making the backup of site with a lot of data in the DataBase before upgrade process started

July 02, 2015 23:27 - Andrew Gorshechnikov

Status:	New	Start date:	July 02, 2015
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Core	Estimated time:	0.00 hour
Target version:	4.3.0		
Description			
<p>On some sites there is Subrion DataBase that takes place of 1-2Gb. So if you try to make the backup archive of site's data (before upgrade process is started) you will get error message related to the value of 'max_execution_time' config: Fatal error: Maximum execution time of XX seconds exceeded in /home/yplondon/public_html/includes/classes/ia.admin.dbcontrol.php on line 270</p>
