Description			
<p>If on site was enabled "quick search" and "refine search" and you search listings with quick search block, then choose page in pagination. For 2 templates "Kickstart" and "Houses" I've noticed following bugs:</p> <ol style="list-style-type: none">1. In template "Kickstart" after click to page in pagination on page is show all listings2. In template "Houses" after click to page in pagination on page isn't show listings
