

Web Directory - Bug #270

Repair categories does not work

September 19, 2012 05:45 - Vasily Bezruchkin

Status:	Resolved	Start date:	September 19, 2012
Priority:	Normal	Due date:	
Assignee:		% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	2.2.1		

Description

Web Directory package. 2.1.0 version of core.

Error when trying to "Repair listings categories" using Admin Panel -> Manage Database -> Check Consistency -> Repair listings categories

The error description is:

```
Fatal error: Call to a member function rebuildRelation() on a non-object in /home/jjangaraev/www/sbr/includes/classes/ia.core.php(1708) : eval()'d code on line 14
```

History
