Web Directory - Bug #274

Category index doesn't include cross categories

September 19, 2012 05:52 - Vasily Bezruchkin

Status:	Resolved	**Start date:**	September 19, 2012
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	100%
Category:		**Estimated time:**	0.00 hour
Target version:	2.2.1		

Description

If a particular listing has been placed into several categories, the index counter will be incremented for only primary category.

So for example:
Listing 1 - Primary Category: Tennis
Listing 1 - Cross Category: Soccer

The index would show Tennis (1) but Soccer (0).

History

#1 - October 12, 2012 05:27 - Anonymous

- *Status changed from New to Resolved*

- *% Done changed from 0 to 100*

Fixed with revision [2911].

Count of listings for crossed categories is added for the front-end and admin page.
Also recount function is added to the Check Consistency page script.
