

Articles Script - Bug #537

Functionality that is not implemented

January 05, 2013 01:12 - Batyr Mackenov

Status: Resolved	Start date: January 05, 2013
Priority: Normal	Due date:
Assignee:	% Done: 100%
Category:	Estimated time: 0.00 hour
Target version: 2.3.2	
Description If no articles added to currently viewed category, the package offers a link to place a new article into category. This link contains the <i>category</i> GET parameter. By pressing this link a user moves to submit page, but actually the specified category is not selected. This issue is also affect the SEO aspect. Since the script generates the same meta title independently of the category specified.
