Description			
As per proposal of our customer in HelpDesk (UNG-969-58939) it would be useful to automatically include the backlink to article source at the bottom of every article on details page.			
This feature is widely used at article directory sites. It could be configurable and switched to on by default.

- Status changed from New to Resolved

- % Done changed from 0 to 100

The package script adds the link to article source to the bottom of each article.
Optionally, enabled by default.
