Description			
It would be useful to have a way to display custom error messages at 403 Forbidden error.			
Let's say administrator permitted an access to post a listing by guest. Now a user would only see a standard error message like <i>permission denied</i> .			
Here would be nice to have a custom more friendly explanation.			

History

- Status changed from New to Feedback

- % Done changed from 0 to 100

We have it, simply pass the second param to the `iaView::errorPage()`; and you will see the message. I suppose it's more a matter of the case handling.

#2 - January 21, 2013 09:30 - Vasily Bezruchkin

- Assignee set to Batyr Mackenov

#3 - January 23, 2013 23:41 - Vasily Bezruchkin

- Target version changed from 2.3.3 to 3.0.0.alpha

#4 - August 05, 2013 04:51 - Vasily Bezruchkin

- Target version changed from 3.0.0.alpha to 3.0.2

#5 - October 03, 2013 23:23 - Vasily Bezruchkin

- Category set to Core

- Status changed from Feedback to Resolved

Works fine.
