

Subrion Opensource CMS - Bug #695

Incorrect grid width in Admin Panel

February 11, 2013 22:53 - Anonymous

Status: Resolved	Start date: February 11, 2013
Priority: Normal	Due date:
Assignee:	% Done: 100%
Category:	Estimated time: 0.00 hour
Target version: 2.3.6	
Description In Admin Panel grids has incorrect width. It causes wrong layout displaying and horizontal scroll appearing. Likely, the problem exists only for Google Chrome browser.	

History
